

APLAZAMIENTO ACTUACIÓN PARTICIPACIÓN AGRUPADA EN LA FERIA NOR - SHIPPING (OSLO)

En Cádiz, a 16 de diciembre de 2021

La Cámara de Comercio de Cádiz anuncia el aplazamiento de la actuación Participación Agrupada en la Feria NOR – SHIPPING (Oslo), publicada en el Boletín Oficial de la Provincia de Cádiz nº 203 el día 25/10/2021, y que tenía previsto celebrarse entre el 10/01/2022 y el 13/01/2022.

Ante las crecientes tasas de infección por coronavirus, impulsadas por la mutación Ómicron, la organización de la feria NOR – SHIPPING ha tomado la decisión de posponer el evento al próximo mes de abril, concretamente, se celebrará entre los días 04/04/2022 y 07/04/2022 (se incluyen sendos comunicados de prensa de la organización al respecto).

El objetivo y deseo fundamental es que esta nueva fecha permita viajes internacionales más libres, menos distanciamiento social y mayores oportunidades de negocios e intercambio de conocimientos entre expositores y visitantes.

En este sentido, todas las empresas que resultaron beneficiarias y formalizaron el correspondiente Convenio DECA, podrán participar en los términos y condiciones establecidos en el documento en las nuevas fechas previstas.

Miguel Urraca Pinzón
Secretario General – Director Gerente

Nor-Shipping to postpone January 2022 event

In the face of increasing coronavirus infection rates, driven by the Omicron mutation, Nor-Shipping has taken the decision to postpone its upcoming exhibition and event programme.

The management team is currently working with stakeholders to decide on the optimal way forward, with an announcement on the timing of the next Nor-Shipping expected before the end of this week.

Scheduled to take place from 10-13 January, Your Arena for Ocean Solutions normally gathers up to 50,000 international decision makers in Oslo and Lillestrøm, Norway, with around 900 exhibiting companies. Director Sidsel Norvik says the time has come to make “a responsible decision”, even though current national restrictions allow for large-scale exhibitions.

Sidsel Norvik, Director, Nor-Shipping

“With that in mind, we will be spending the coming days carefully assessing the situation and planning the best route forwards. Our job is to serve and support this great business community, and we’re committed to doing so in a safe

this great business community, and we're committed to doing so in a safe, responsible and considered manner. We'd like to ask everyone for their patience at present, and will return with a final decision on the next Nor-Shipping this week. Thank you all for your continued understanding and support."

Nor-Shipping to bring industry world together in April 2022

Share this post with your friends

Nor-Shipping 2022 will now take place from 4-7 April. After the difficult decision to cancel its scheduled January exhibition and event programme, Your Arena for Ocean Solutions will now gather the global maritime and ocean industries in Oslo and Lillestrøm in the spring.

The rescheduled date will allow for freer international travel, less social distancing, and a more vibrant networking, knowledge sharing and business platform.

Face-to-face with the future

"It gives me great pleasure to confirm this date and inform the industry that, although we've been delayed, they won't have to wait too long to gather again!" comments Sidsel Norvik, Director, Nor-Shipping. "It was obviously disappointing to postpone the January programme, but the power of Nor-Shipping lies in its ability to bring diverse stakeholders face-to-face, build relationships, share solutions, inspire one another, and do business. That would have been impossible under the current Omicron restrictions.

Sidsel Norvik, Director, Nor-Shipping.

“This move allows authorities here, and abroad, to control the situation, while also shifting our activity to a time of the year when infection rates are naturally lower. Good things come to those who wait... and we believe the energy and enthusiasm that will be released when we finally come together again will be electric. This is something the industry can really look forward to.”

Positive focus

Exhibitors and ticket holders that have made bookings will have them seamlessly transferred to the new date, while a revamped activity programme – including the prestigious Ocean Leadership Conference and innovative Blue Talks – is currently being finalised. The last Nor-Shipping in 2019 brought around 900 exhibiting companies and 50,000 international decision makers to Norway to connect, collaborate and do deals.

Erlend Prytz, CEO of Norwegian Maritime Exporters at Nor-Shipping 2019.

“Nor-Shipping is such an important staple of the industry event calendar,” says Erlend Prytz, CEO of Norwegian Maritime Exporters, which operates the largest national pavilion at Nor-Shipping. “It would have been a huge shame if it disappeared from the schedule this year, so this date – and the hope that coronavirus will be less of an issue in the spring – gives us something very positive to work towards with our members. I know they’re eager to engage with the international community again, as am I, so it’ll be all systems go in April!”

Re-connect, renew, revitalise

Alongside the activities based in and around Nor-Shipping’s 22,000 sq m

exhibition facilities in Lillestrøm, a range of networking and knowledge events will take place in Oslo City Centre. One of the highlights will be the After Work at Aker Brygge initiative, where the industry gathers after office hours to mingle, connect and enjoy an informal atmosphere at venues clustered in one of Oslo's prime social hot spots.

We look forward to meet at Nor-Shipping in the spring of 2022.

The week will also see a host of unique partner events, the Nor-Shipping Awards, and targeted activities to ensure optimal networking and ocean business opportunities.
